Subject: RE: West Lake Landfill OU1 - July groundwater sampling

Shawn, here's what I told John Regan about EPA's splits for the July event:

John,

Thanks for the schedule update. James Johnson, an OSC here at Region 7, will be at the site the week of July 8 in my stead to collect EPA's split samples. I would like to split the following wells, which are mostly the ones I split in April, though we can substitute others if necessary for scheduling or access reasons:

S-82 / I-9 / D-93

D-6

D-83

PZ-102-SS

PZ-113-AD

D-3 / I-4 / S-5

PZ-101-SS

D-85

Sincerely,

Daniel R. Gravatt, PG

Dan,

Can you give me a brief update on EPA plans for split sampling (i.e. which wells and what dates you are planning to sample)? I would like to coordinate our split sampling for this round so we do not duplicate any wells. Once I hear back from you I will coordinate with Paul on our splits.

Thanks,
